## Congratulations!

Thank you for considering us as your wedding photographers to document your special day.

It is our pleasure and joy to capture LOVE and create a beautiful legacy for generations to enjoy.

Our mission is to help you relive your day over and over again – from the touching first look and intimate first kiss to the memorable celebration with your cherished family and friends.

Our style is artistic and documentary; our personal approach will provide you with an amazing experience not only on the day itself but also throughout the time leading up to it and beyond.

We accept a limited number of weddings per year because your special day deserves the highest attention. Let's connect and ensure we are a great fit.

**We look forward to chatting with you soon!**

## About Us

**Your Love Story is the Greatest Legacy.  
More than Photographing, Let's Tell Your Unique Story and  
Preserve Your Once-in-a-Lifetime Moments**

**JUSTIN HON –  
THE MASTERMIND ARTIST**

I strive to push my boundaries to produce fine artwork capturing once-in-a-lifetime moments.

I love creating timeless portraits and documenting genuine relationships and the beauty of human souls through real candid moments.

## *Our values and promises to you*

### **... We truly care about your wedding!**

We value our couples who trust us to capture their lifelong memories. We cherish genuine relationships and feel fortunate to be surrounded by incredible people. That's what connects us with our couples - they, too, treasure their relationships and the family and friends who will celebrate their love on this very special day.

### **... We specialize in helping couples capture their natural, beautiful images**

We understand that having your picture taken can be awkward (we've been there too!). We treat our engagement sessions as "get-to-know-you" sessions, where we learn about your story, discuss your preferences, and help you plan the location and styling. Your engagement session will be like going on a date, with the added bonus of stunning photos to take home. Afterward, we'll sit down together to chat about your "date" so we can better prepare for your wedding day.

### **... We want our couples to not only have the most beautiful images but also the best wedding experience.**

With extensive experience, we know what needs to be done under any conditions to produce outstanding images for you. We continuously invest in education and equipment, striving to create better and more exceptional work every day. Leading up to your wedding day, we invest many hours working with you, from understanding your vision to assisting with your wedding day timeline. On the big day, you can feel confident knowing that all your precious moments will be documented beautifully.

A romantic photograph of a couple in a dark setting, illuminated by warm, out-of-focus bokeh lights. The couple is in a close embrace, with the woman on the left and the man on the right, both looking towards each other. The woman is wearing a dark, sleeveless dress with a shimmering detail on the shoulder. The man is wearing a light-colored, long-sleeved shirt. The background is dark with numerous circular bokeh lights in shades of orange and yellow, creating a dreamy atmosphere. The text is overlaid on the right side of the image.

**“ABSOLUTELY AMAZING”**

“Justin and Vy were amazing! Any ideas we had for pictures they used and also incorporated their own to make them better. Our wedding photos turned out perfect and we could not have asked for a better couple to work with. They aren’t afraid to try new ideas and were very creative with some of their shots that no one else would think of.”

## “BEST PHOTOGRAPHERS EVER”

“Justin and Vy had done an absolutely beautiful job in taking our photos. We were initially attracted to their shooting styles, concepts of lighting, and creativity. Before taking our actual wedding photos, Justin and Vy provided a get-to-know-you session that we used for our engagement photos. This photo session allows both of us as clients to communicate with our photographers what our styles are in terms of photoshoots, lighting, and overall concepts. In addition, it provide an opportunity for us to share our love story to Justin and Vy, so that they get to know our personalities and backgrounds. This truly shows their dedication towards not only wedding photography, but also personalized commitments for their clients.

On our wedding day, Justin and Vy both know we were so nervous and stressed, so guided us through the photoshoots by instructing us how to pose, where to stand, where to look, etc, and we are so thankful they did that so release our stress.

Given that we also had to include the Chinese tea ceremony into our wedding, Justin and Vy worked for 13 hours in order to capture our entire wedding day. This was an extremely long period of time to shoot a wedding generally, and there is not many photographers that offer this service. We could not thank our photographers enough for their hard work and efforts to capture our meaningful and precious day.”

**The Right Moments captures your day with high quality, stunning pictures!  
They are such kind people, and went the extra mile to make us happy!**

"I highly recommend The Right Moments Photography!! They are awesome photographers, and amazing people! Justin and Vy were so professional, kind and personable from the first call to set up a get-to-know you meeting, to our "reveal session" where they set up a presentation to show us our wedding pictures for the first time. They were timely, organized, and respectful in every interaction we shared. On top of being wonderful people to work with, they also produced such amazing, high quality photos for both our engagement session and wedding.

Please know that my husband and I are not used to getting our photo taken, and Justin was always patient in guiding us through different poses for portraits, and making us comfortable in order to get some amazing candid shots. Also, his ability to be creative with angles, lighting and techniques was incredible. They clearly care a lot about what they produce, as well as, the couple they work with.

I also want to note that Justin and Vy were so calm and collected in navigating COVID-19 restrictions as we approached our wedding date. Justin and Vy were immediately on top of communicating with us when things were uncertain, and were flexible when we had to change our wedding location and guest number. Justin was also such a hero wearing a mask the entire wedding day, despite it feeling like over 30 degrees during the ceremony! The heat didn't stop him from always being on the move from when he showed up to when he left. He even stayed a little later than planned to capture our last speech.

As you can tell I could go on and on about Justin and Vy. They love photography and they really love, love. Thank you so much for capturing all the right moments on our wedding day!"

## FAQ.

### **WHAT IS YOUR STYLE?**

Our style is artistic and documentary, and we love natural, bold images. With years of education and experience, we know how to use various techniques to capture the different moments of your day, from the touching ceremony and romantic portraits to the lively reception.

### **HOW MANY WEDDING PICTURES WILL I GET?**

The final number depends on the day's activities and how many photographers you have (a second photographer is great if you want more candid images). We don't hold back any good moments!

### **WHEN SHOULD WE INQUIRE?**

As soon as you know your wedding date! We often book many months in advance, as we only take a limited number of weddings per year. If we're your "love-at-first-sight" choice, you can inquire right away to ensure that we are available when you plan your wedding date.

### **WE LIKE YOU! CAN WE SCHEDULE A FIRST DATE?**

Absolutely! You deserve the best and we would love to connect with you to ensure that we are a great fit. These days our meetings are virtual, but that shouldn't limit the connection. We can't wait to hear about your story!

### **WE LOVE YOU! HOW CAN WE BOOK?**

Great! We require a signed agreement and \$1000 as non-refundable retainer to hold your day. With the paperwork done, we can start the journey with our "get-to-know-you" session and prepare for your very special day!

A romantic wedding photograph of a couple at night. The groom, wearing a dark blue tuxedo and a green bow tie, stands behind the bride, his arms wrapped around her. The bride is wearing a white, off-the-shoulder lace gown and has her hair styled in an updo. They are standing on a wooden deck or balcony, leaning against a rustic wooden railing. In the background, a wooden building with large windows is visible, and the entire scene is illuminated by warm, golden string lights and a large, ornate lantern hanging from the ceiling. The overall atmosphere is cozy and intimate.

A romantic couple is seen from behind, standing close together and watching a spectacular fireworks display at night. The man, on the right, is wearing a white shirt and a dark vest, with his arm around the woman. The woman, on the left, has long blonde hair styled in a low ponytail with a decorative hair clip. The sky is filled with numerous bursts of fireworks, including a large, vibrant red one at the top center and several golden-yellow starburst patterns. In the bottom right corner, a small, bare tree is decorated with warm white string lights. The overall atmosphere is festive and intimate.
